## SUMMARY

Flutter developer with 5 years of experience building Android and iOS apps end to end: architecture, native APIs, integrations, UI, and store release. Background in fintech, VPN, and large-scale games. Currently Lead Flutter Developer on Reserve VPN (Intellera LLC).

## EXPERIENCE

### Lead Flutter Developer — Intellera LLC

Nov 2025 – Present

Built Reserve VPN (Android/iOS) from scratch: architecture, XRAY core, native VPN APIs, auth (Email, Google, Apple), subscriptions via Google Play Billing, App Store IAP, VTB, and YooKassa. Live on App Store and Google Play; 1300+ users on day one, no paid ads.

*Flutter, Dart, Bloc, GoRouter, Firebase, GetIt, Hive, Dio, FlutterVless*

### Lead Flutter Developer — JSC Finconnect

Apr 2025 – Mar 2026

Architected Monetrix fintech app from scratch: Bloc state management, secure auth, financial APIs, cryptography, specs for backend. Dashboard with bank/broker connectors and AI assistant. On Google Play.

*Flutter, Dart, Bloc, AutoRoute, GetIt, Hive, Dio, Crypto, WebSocket, REST*

### Middle Flutter Developer — Dynamic Technologies TOO

Jul 2024 – Oct 2024

Migrated Grand Mobile MMORPG (10M+ downloads) from native Swift/Kotlin to Flutter via platform channels. Built game shell, multiplayer sync, economy systems; optimized for large data.

*Flutter, Dart, Bloc, Dio, Retrofit, GetIt, Hive, GoRouter, Crypto*

### Flutter Developer — Freelance

Jun 2021 – Sep 2023

10+ full-cycle Flutter apps: airport board, weather, directories, quizzes, e-diary, smart alarm, ChatGPT+OCR client, crypto payment terminal (Sunmi), OpenVPN app, NFT game, carpooling. Architecture, custom UI, payments, blockchain, hardware.

*Flutter, Dart, Provider, MobX, Firebase, Hive, Dio, GraphQL, OpenVpnFlutter, TrustWalletCore*
